FEI Accessibility Conformance Report

Oct 22, 2026 · @Joel

flightequipmentinc.com supports all 39 WCAG 2.1 Level A and AA success criteria that apply to it, after remediation deployed on October 22, 2026; the other 11 criteria do not apply to this site. This report follows the structure of the ITI VPAT® 2.5 (WCAG edition).

Report details

Item	Detail
Website	flightequipmentinc.com, all 4 public pages: Home, About Us, Events, Contact Us
Owner	Flight Equipment Inc. (FEI)
Standard	WCAG 2.1 Level A and AA (W3C Recommendation); this also covers WCAG 2.0 Level AA
Evaluated by	BizGen Technologies LLC
Evaluation dates	Initial audit October 19, 2026; remediation and verification October 21–22, 2026
Platform	WordPress with the Divi theme, hosted on WP Engine

Evaluation methods

- Automated testing with axe-core 4.10.2 (WCAG 2.0, 2.1 and 2.2 A/AA rules) on every page at 1280px and 375px, and with WebAIM WAVE.
- Manual keyboard-only testing of navigation, the mobile menu, the FAQ accordion, the contact form, the video control and the skip link.
- Manual checks of color contrast (including text over images and video), zoom and reflow at 320px, text spacing, heading structure, link names and image text alternatives.
- All fixes were reviewed and approved by FEI on a staging copy before deployment.

Terms used below: **Supports** means the site meets the criterion without known defects. **Partially Supports** means some content does not meet it. **Not Applicable** means the site has no content the criterion covers.

Conformance summary

Level	Supports	Partially Supports	Does Not Support	Not Applicable	Total
A	23	0	0	7	30
AA	16	0	0	4	20

Level	Supports	Partially Supports	Does Not Support	Not Applicable	Total
Total	**39**	**0**	**0**	**11**	**50**

WCAG 2.1 Level A

Criterion	Conformance	Remarks
1.1.1 Non-text Content	Supports	Informative images have text alternatives (logo, BBB and ASA-100 badges). Decorative and photographic images next to descriptive text use empty alt text.
1.2.1 Audio-only and Video-only (Prerecorded)	Not Applicable	The home page video is a silent decorative background; it carries no information.
1.2.2 Captions (Prerecorded)	Not Applicable	No video with audio.
1.2.3 Audio Description or Media Alternative (Prerecorded)	Not Applicable	No informative video.
1.3.1 Info and Relationships	Supports	Headings mark real section titles, form fields have programmatic labels, and pages have a main landmark.
1.3.2 Meaningful Sequence	Supports	Reading order matches visual order; layouts duplicated for desktop and mobile are fully hidden from assistive technology.
1.3.3 Sensory Characteristics	Supports	Instructions do not rely on shape, position or sound.
1.4.1 Use of Color	Supports	Form errors are listed in text, not shown by color alone.
1.4.2 Audio Control	Not Applicable	No audio plays automatically.
2.1.1 Keyboard	Supports	All functions work by keyboard, including the mobile menu, FAQ accordion, contact form and video control.
2.1.2 No Keyboard Trap	Supports	Focus can always move away; Escape closes the mobile menu and returns focus to its button.
2.1.4 Character Key Shortcuts	Not Applicable	No single-key shortcuts.
2.2.1 Timing Adjustable	Not Applicable	No time limits.

Criterion	Conformance	Remarks
2.2.2 Pause, Stop, Hide	Supports	The home background video has a visible pause/play button and starts paused when the visitor's device requests reduced motion.
2.3.1 Three Flashes or Below Threshold	Supports	No flashing content.
2.4.1 Bypass Blocks	Supports	"Skip to content" link on every page, plus a main landmark.
2.4.2 Page Titled	Supports	Every page has a title. The home page title ("FEI | FEI") could be more descriptive.
2.4.3 Focus Order	Supports	Focus follows the visual order.
2.4.4 Link Purpose (In Context)	Supports	"LEARN MORE" buttons have descriptive accessible names, including "(opens in new tab)" where it applies; social links are named "Follow FEI on Instagram/LinkedIn".
2.5.1 Pointer Gestures	Supports	No multipoint or path-based gestures.
2.5.2 Pointer Cancellation	Supports	Actions run on release (standard links and buttons).
2.5.3 Label in Name	Supports	Every accessible name includes the visible text.
2.5.4 Motion Actuation	Not Applicable	No motion-triggered functions.
3.1.1 Language of Page	Supports	`lang="en-US"` on every page.
3.2.1 On Focus	Supports	Focus never triggers a change of context.
3.2.2 On Input	Supports	Changing a form field does not submit or navigate.
3.3.1 Error Identification	Supports	Missing required fields are listed in text and marked invalid programmatically.
3.3.2 Labels or Instructions	Supports	Every field has a visible label; required fields are marked, with a "* Required fields" note.
4.1.1 Parsing	Supports	Obsolete in WCAG 2.2 and treated as always met; no parsing errors affect assistive technology.
4.1.2 Name, Role, Value	Supports	Custom controls (menu toggle, FAQ buttons, video button) expose their name, role and current state (expanded/collapsed, or a play/pause label).

WCAG 2.1 Level AA

Criterion	Conformance	Remarks
1.2.4 Captions (Live)	Not Applicable	No live media.
1.2.5 Audio Description (Prerecorded)	Not Applicable	No informative video.
1.3.4 Orientation	Supports	Works in portrait and landscape.
1.3.5 Identify Input Purpose	Supports	Name, email and phone fields use `autocomplete` values.
1.4.3 Contrast (Minimum)	Supports	Text meets 4.5:1, including body, footer, button and error text; hero text over the video and photo has a text shadow.
1.4.4 Resize Text	Supports	Pinch-zoom is enabled; content works at 200% zoom.
1.4.5 Images of Text	Supports	Text is real text; the logo and badges are logotypes (exempt).
1.4.10 Reflow	Supports	No horizontal scrolling at 320px width.
1.4.11 Non-text Contrast	Supports	The keyboard focus outline (blue on black, about 7:1), buttons and icons pass. Contact form fields have a 1px gray border, at 3.2:1 against the page and 3.5:1 against the field background (added October 22, 2026).
1.4.12 Text Spacing	Supports	No content is cut off with increased line, letter, word and paragraph spacing.
1.4.13 Content on Hover or Focus	Not Applicable	No custom content appears on hover or focus.
2.4.5 Multiple Ways	Supports	The site has 4 pages, each linked from the header and footer navigation on every page.
2.4.6 Headings and Labels	Supports	Headings and form labels describe their topic or purpose.
2.4.7 Focus Visible	Supports	A 2px blue focus outline appears on every interactive element.
3.1.2 Language of Parts	Supports	All content is in English.
3.2.3 Consistent Navigation	Supports	Header and footer navigation are the same on every page.

Criterion	Conformance	Remarks
3.2.4 Consistent Identification	Supports	Repeated components are labeled the same way across pages.
3.3.3 Error Suggestion	Supports	The error message names each missing field.
3.3.4 Error Prevention (Legal, Financial, Data)	Not Applicable	No legal, financial or data-changing transactions.
4.1.3 Status Messages	Supports	Form error and success messages are announced through a live region.

Limitations and maintenance

- **Assistive technology testing:** this evaluation used automated tools, keyboard testing and code inspection. A full session with a screen reader (NVDA on Windows, VoiceOver on macOS/iOS) is recommended to confirm the results.
- **Not tested:** the reduced-motion behavior of the home video; the contact form's success message after a real submission.
- **Third-party content:** linked external sites (event organizers, Instagram, LinkedIn) are outside this report.
- **Keeping conformance:** the accessibility fixes are in a dedicated plugin that theme updates do not overwrite. Re-test after adding or reordering content in the Divi page builder, after adding images (each needs alt text), and at least once a year.

Appendix: Accessibility Statement

Proposed text for a public "Accessibility" page on the website, linked from the footer. The contact details and response time need FEI's confirmation before publishing.

> ***Accessibility Statement***
>
> *Flight Equipment Inc. (FEI) is committed to making flightequipmentinc.com accessible to everyone, including people with disabilities.*
>
> ***Conformance status.*** *Our website is designed to conform to the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA. It was evaluated and remediated in October 2026.*
>
> ***What we did.*** *The site supports keyboard navigation, screen readers, browser zoom and text resizing. It includes visible focus indicators, labeled form fields, sufficient color contrast, and a control to pause the background video.*
>
> ***Feedback.*** *If you have difficulty using any part of this website, please contact us and we will help you get the information you need:*
